

EXCHANGE STUDENTS

Exchange student is a student (officially registered at the faculty or other higher education institution) who temporarily lives in a foreign country and attends courses or is involved in other academic activities. The exchange period usually lasts minimum 3 months (one semester) and maximum 10 months (two semesters). The exchange student **does NOT receive a diploma** from the host faculty. However, all academic results obtained at the host institution will be sent to his/her home institution in the form of report (transcript of records).

If you are interested to come to the Faculty as exchange student through mobility program such as Erasmus+ International Credit Mobility, or through Bilateral cooperation (Freemover), there are some steps you should follow:

Contact our faculty coordinators regarding your exchange inquiry;**

Respect the deadlines for application and nomination;

Collect and prepare application documents and send/bring it to the your home institution IRO;***

Nomination (including your application documents) must be made by your home institution (Erasmus+ coordinators);****

Please note that nomination doesn't mean acceptance. Faculty will decide on student/staff mobility no later than 5 weeks after the application period has finished and notify partner institution and applicant(s).

* – if you are applying for scholarship in this program, check the availability of scholarships for the Faculty, as well as if you are one of the approved cycle categories for mobility – BA, MA for Erasmus+.

** – if you are applying through Erasmus+, check defined academic fields that are included in the agreement for this mobility because sometimes not all study fields are included in the mobility scheme.

*** – you home institution Erasmus+ coordinators usually publish the call and give deadlines for you to apply. Make sure to follow those rules in order to apply on time.

**** – the Faculty will only consider applicants **who have been nominated by their home institution**. If the bilateral agreement (Erasmus+) is signed between your home institution and our member institution (faculty/academy/center/institute), your institution nominates students directly to the contact person at the member institution of the Faculty.
